## OIL-WATER DEEP FRYER

# PROFESSIONAL COOKING SOLUTION

High-performance commercial induction cooking equipment designed for efficiency, safety, and durability.

### PRACTICAL

Can cook various ingredients simultaneously (mass cooking).

### ECONOMICAL

Saves up to 60% oil.  
Oil can be used for various types of food.

### DELICIOUS

Fried food stays crispy on the outside and tender on the inside.

### HEALTHY

Keeps the quality of oil by separating animal fat.  
Minimizes smoke because impurities/foaming are separated from the oil and water.

Water layer technology (air layer) keeps oil clean and durable, produces healthier frying, saves oil, and maintains consistent quality every time.

### DIGITAL CONTROL PANEL

Easy operation with precise temperature and time settings.

### DURABLE & LONG-LASTING

Made of high-quality stainless steel, hygienic, and corrosion-resistant.

### EFFICIENT & ENERGY SAVING

Fast and even heating with industrial technology, more electricity efficient.

### SMOKE & ODOR FREE

Helps reduce smoke and odor while frying.

### PRODUCT SPECIFICATIONS

Type	: Commercial Induction Cooking Equipment
Material	: Stainless Steel
Power Source	: Electricity
Control Panel	: Digital
Function	: Frying
Warranty	: 1 Year
